INDEPENDENCE & MOBILITY

We are Choices Medical.

WHO WE ARE

Choices Medical Equipment & Supplies is a DME (durable medical equipment) company founded and located in Bellingham, WA. Our Bakerview Square location has a wide selection of mobility equipment, bathroom aids, diabetic supplies, orthopedics, compression wear, incontinence supplies, CPAP and CBD products to assist in independent living.

Our mission is to meet the healthcare needs of individuals and providers in the Whatcom, Skagit and San Juan County areas by providing high quality medical equipment, supplies and service. We are focused on our local communities and strive to bring only the best healthcare equipment, products and supplies to our local market.

We ensure that members of our team receive ongoing education so we can provide knowledgeable service for the latest products and technology in durable medical equipment. Our goal is to serve our community effectively through our dedication of responsive, timely customer service. Come see us at our showroom for in-store assistance and demo any of our extensive mobility equipment options! We look forward to serving you.

ACTIVITIES OF DAILY LIVING

We carry a range of innovative products and solutions to assist individuals with activities of daily living (ADLs). Bath safety products, vehicle travel bars, and bed rails are just some of the products we offer to encourage people to live healthier, higher quality lives, and assist in routine activities.

BATHROOM SAFETY

We carry shower rails, security poles, bathing chairs and risers to protect against falls and make standing easier.

INCONTINENCE

A full range of incontinence supplies including guards, adult briefs, pull ups, pads and wipes.

HOME & TRAVEL

Everyday products to assist people for daily living from the comfort feelings of your home to vehicle.

PATIENT ROOM

We carry patient care products including patient transfer aids, patient lifts, home care beds, and overbed tables.

ACTIVITIES OF DAILY LIVING

COMPRESSION

Our store carries a wide range of specialized products and appealing designs catering to your every medical compression need. Compression wear offers effective and reliable support for vascular conditions with suitable wear for both the everyday and the specialized medical solutions.

EVERYDAY WEAR

These straightforward compression socks are an everyday go-to for people who seek the comfort, support, and reliability of traditional therapeutic socks and stockings. When daily comfort for hard-working legs is required, put yourself in motion.

MEDICAL WEAR

For compression solutions beyond the standard, our full range of compression products are manufactured for very specific medical indications or individual needs. We can help you find garments for almost every medical need, ranging from standard medical levels to highly sophisticated solutions.

CPAP

When diagnosed with sleep apnea, CPAP therapy is often the recommended solution. Equipment like CPAP machines, masks, cleaning devices and replacement parts are available to assist you with your therapy process. These machines gently flow air into your lungs while you sleep, so you can breathe comfortably and do what's best for your health.

CPAP MACHINES

A CPAP machine deliver air through tubing and into a mask to keep your airway open while you sleep to treat sleep apnea.

REPLACEMENT PARTS

We are able to obtain parts to replace or repair your current CPAP device.

FACE MASKS

A CPAP mask is specifically designed for ultimate comfort, offering several styles to fit your sleeping position.

CLEANING DEVICES

It's important to keep CPAP masks and devices clean for you respiratory health.

DIABETIC SUPPLIES

For diabetics, it's important to not only be well equipped to handle low blood sugar levels, but to not worry about disrupting daily routines with bulky, uncomfortable products in the process. We carry a large selection of footwear for men and women and daily diabetic devices to make life as easy as possible.

BLOOD GLUCOSE METERS

We maintain a regular supply of glucose meters for patients to display information on their blood sugar levels. These standard devices are for anyone with type 1 or type 2 diabetes.

DIABETIC FOOTWEAR

Our selection of footwear offers the ultimate in comfort and functionality with socks and orthotic insoles. By combining athletic footwear technology and therapeutic detailing, our shoes are designed to alleviate the symptoms associated with various foot conditions such as plantar fasciitis, heel and foot pain, bunions, corns, calluses and neuroma, and also for those individuals with diabetes, arthritis and neuropathy.

MOBILITY

Through a wide range of mobility equipment we can help maintain active lifestyles for both inside and outside. Our mobility aids and powered equipment can assist with daily activity and help complete daily necessary routines. We have a product to assist in nearly every situation and to help you find the best mobility solution available.

MOBILITY AIDS

The equipment necessary for assisted manual mobility for those able to remain physically balanced and active. Walkers, rollators, wheelchairs, canes and crutches are suited to relieve pressure off of joints and legs by supporting the weight of the user.

POWERED EQUIPMENT

For those in need of equipment where balance and physical activity is difficult, often times powered mobility is the best route. Power chairs and scooters offer precision movement for interior and exterior activities, and additionally lift chairs relieve stress on joints and legs when rising from a sitting position.

FREQUENTLY ASKED QUESTIONS

Why do I need an account at your store?

We ask that our customers create an account to easily re-order supplies, access past purchase history (medical expense paperwork for taxes) or track shipments.

Can I order something not in your store or catalog?

Absolutely! Let us know what you need and we will contact our vendors and distributors. If we can get it for you, we certainly will. Our "Special Orders" are items not carried in stock and are subject to a \$10.00 flat rate shipping charge, unless otherwise discussed.

How long until I receive a "Special Order" item?

You can expect 7-10 business days, but items typically ship to us sooner. We will give you a call the moment we have it in our hands!

Do you accept insurance?

Yes, we do! We are now approved for Medicare and accredited through HQAA. We're looking to expand the insurance providers we accept, so feel free to give us a call ahead of time to see if we are certified with your insurance carrier.

What types of payment do you accept?

We accept cash, check and all major credit cards. We're also partnered with CareCredit for installment options! Our in-store promotional pricing, dependent on sale amounts, can make purchasing larger medical equipment easier to manage.

What is your return policy?

All returned merchandise must be in an UNOPENED/UNUSED condition and returned back within 14 days of purchase for a full refund. Shoes must be returned within 7 days unmarred. Non-returnable items include (and may not include all items) are: Compression Garments, Bathroom Aids, Diabetic Supplies, Cushions, and/or Respiratory Supplies.

Some items noted as non-returnable may be accepted on a case-by-case basis.

At Choices Medical Equipment & Supplies we care about quality as much as you do. That's why we've partnered with top brand name companies and developed close relationships to bring you a wide variety of products to fit your healthcare needs and budget.
